The mission of the 1:1 Chromebook initiative in Central Public Schools is to help propel our personalized learning initiatives and establish the foundation for a seamless program that supports individualized instruction in our classrooms. It supports anytime access to online resources for learning, by providing portable devices for all students in grades 1st-12th. This ensures that students can access what they need from wherever they are.

The focus of the Chromebook program at Central Public Schools is to provide tools and resources for the 21st Century learner. Excellence in education requires that technology is integrated throughout the educational curricula. Increasing access to technology is essential to build upon college and career readiness skills. The individual use of Chromebooks is a way to empower students to maximize their full potential and to prepare them for college and the workplace.

Learning is a result of the continuous dynamic interaction among students, educators, parents and the extended community. Technology immersion does not diminish the vital role of the teacher. To the contrary, it transforms the teacher from a director of learning to a facilitator of learning. Effective teaching and learning with Chromebooks integrates technology into the curriculum anytime and anywhere.

The policies, procedures, and information within this document apply to all Chromebooks and other technology devices used in Central Public Schools considered by the Administration to come under this policy.

***Teachers/schools may set additional requirements for use in their classroom.**

1. GENERAL INFORMATION

A. Receiving Your Chromebook

1. An insurance plan will be offered but optional. Please see Section 10.
2. Chromebooks will be distributed after the parent/guardian signs the Central Public School Chromebook Agreement.
3. Parents and students must sign and return the Chromebook Computer Agreement and Acceptable Use Policy before a Chromebook will be issued.

B. Chromebook Check-in

1. Chromebooks will be returned before the end of the school year on dates to be provided, so they can be checked for serviceability and be stored for the summer. If a student transfers out of the Central Public School district during the school year, the Chromebook, charger and any peripheral device or accessory will be returned at that time.
2. Students who graduate early, withdraw, are expelled, or terminate enrollment at Central Public Schools for any reason must return the Chromebook, charger, and any peripheral device or accessory, on or before the date of termination.

If a student fails to return the Chromebook, charger and any peripheral device or accessory at the end of the school year or upon termination of enrollment in Central Public Schools, that student will be subject to criminal prosecution or civil liability and district records may be withheld. The student will also pay the replacement cost of the Chromebook, charger and any peripheral device or accessory. Failure to return the Chromebook, charger and any peripheral device or accessory could result in theft charges being filed against the student and/or parent/guardian.

C. Check-in Fines

1. If at any point during the school year there is damage, loss, or theft of a Chromebook, the student must contact their teacher immediately.
2. Any technical issue with the device must be brought to the attention of the teacher who will notify the administration or technology support staff immediately. This includes, but is not limited to; Chrome Operating System, battery issues, loss of network connectivity, failure of apps to launch, etc.
3. Any hardware/software repairs that are not due to misuse or damage will be covered without cost; however, any accidental or intentional damage to the device will incur the cost of repair. All repairs must be made by or approved by Central Public Schools.
4. After two incidents of accidental damage, the student may lose some privileges of the Chromebook 1:1 program and may not be permitted to take the device home. This may also result in disciplinary action.
5. All reports will be investigated and addressed on a case-by-case basis.

2. TAKING CARE OF YOUR CHROMEBOOK

A. General Precautions

The Chromebook is school property and all users will follow this policy and the Central Public Schools Acceptable Use Policy for technology.

1. No food or drink is allowed next to your Chromebook while it is in use.
2. Only use a clean, soft cloth to clean the screen, no cleansers of any type.
3. Cords and cables must be inserted carefully into the Chromebook to prevent damage.
4. Chromebook and Chromebook accessories must remain free of any writing, drawing, stickers, or labels that are not property of the Central Public School System.
5. Chromebooks must never be left in an unlocked care or in any unsupervised area.
6. Students are responsible for keeping their Chromebook's battery charged for school each day.
7. Chromebooks are very sensitive to extreme heat and extreme cold; therefore, leaving the devices in cars, direct sunlight, etc. could expose the device to these conditions and is potentially harmful to the device and should be avoided.
8. Do not stack any books, heavy materials, etc. on top of the Chromebook as it could damage the device.
9. Take care to protect your password. Do not share your password.
10. Lock your screen when you leave your Chromebook unattended for ANY amount of time

B. Screen Care

The Chromebook screens can be damaged if subject to rough treatment. The screens are extremely sensitive to damage from excessive pressure on the screen.

1. Chromebooks should never be carried while the screen is open.
2. Do not lean on top of the Chromebook when it is closed.
3. Do not place anything near the Chromebook that could put pressure on the screen front or back.
4. Do not place anything on the keyboard before closing the lid (e.g. pens, pencils or disks).
5. Clean the screen with soft, dry cloth or antistatic cloth.
6. Do not "bump" the Chromebook against lockers, walls, car doors, floors, etc. as it will eventually cause damage to the Chromebook.

3. USING YOUR CHROMEBOOK AT SCHOOL

Chromebooks are intended for use during school each day. In addition to teacher expectations for Chromebook use, school messages, announcements, calendars, and schedules may be accessed using the Chromebook. Students are responsible for bringing their Chromebook to all classes, unless instructed otherwise.

A. Chromebooks Left at Home

If a student leaves their Chromebook at home, they will have the opportunity to use a replacement Chromebook, if one is available. Replacement Chromebooks are not available for overnight check out.

1. If students leave their Chromebook at home, they are responsible for getting the course work completed as if they had their Chromebook present.
2. If a student repeatedly (three or more times as determined by any staff member) leaves their Chromebook at home, they may be required to “checkout” their Chromebook for a period of 5 school days. “Checking out” identifies that the student will only be able to utilize the Chromebook during school hours. The Chromebook will be checked out in the morning and returned at the end of the school day.
3. After the first “check out” period, the Chromebook will be returned for student use at home. If this incident occurs again, the student may be referred to the principal.
4. If a student leaves their Chromebook at home for two consecutive days, they will be required to bring in the device and have a mandatory inspection of said device.

B. Chromebook Undergoing Repair

1. A replacement Chromebook, if available, may be used by students when they leave their Chromebook for repair.
2. Replacement Chromebooks must remain at the school.
3. Replacement Chromebooks will only be issued for use in school until all costs of replacement have been paid.

C. Charging your Chromebook’s Battery

1. Chromebooks must be brought to school each day in a fully charged condition.
2. Repeat violations (Minimum of three days, not consecutively) of this policy will result in a phone call home and a referral to school administration. Additional offenses will result in detention(s).
3. In cases where use of the Chromebook has caused batteries to become discharges, students will be allowed to connect their Chromebooks to a power outlet in class.

D. Photo Library, Screensavers, Background Photos

1. Inappropriate media should not be on the device and may not be used as a screensaver or background photo.
2. Presence of guns, weapons, pornographic materials, inappropriate language, alcohol, drug, and gang related symbols or pictures will result in disciplinary actions and may also result in a loss of Chromebook privileges.
3. Photos/Videos require a large amount of storage space on the devices. Only photos that are for an educational purpose should be saved to the device. All other photo/videos should not be taken or stored.

E. Sound, Music, Games, or Programs

1. Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes.
2. Data Storage on the Chromebook is limited and should be managed by the students so that the full educational potential of the Chromebook is available. Any instance of downloading apps that have not been approved by the district are carefully monitored.
3. Students may be directed by school personnel to remove apps, music, videos, etc. if the storage of instructional materials is compromised.
4. Only Music/Sound files that are obtained legally for educational purposes are allowed.
5. Headphones may be used at the discretion of the teacher. Headphones are not provided by CPS.

F. Printing

1. Printing will not be available inside Central Public Schools with the Chromebooks. The nature of the device minimizes the need to print. Students may request to print school assignments as needed.

G. Home Internet Access

1. Students need to setup access to their home wireless networks on their Chromebooks. This will assist students with the ability to complete, retrieve, access, etc. educational content used in classes with the Chromebook successfully.
2. Students may also setup home printing capabilities for their Chromebook. This will require a compatible printer and proper settings on the Chromebook using Google Cloud Print. (Home printers will not be supported by Central Public School).
3. If parents/guardian are interested in providing additional content filtering at home, it is suggested that the parents/guardian contact their Internet provider for details and support.

4. MANAGING YOUR FILES & SAVING YOUR WORK

A. Saving to your Chromebook

1. Students will save work to their Google accounts via the Chromebook.
2. Storage space will be available on the Chromebook, but since the device has storage limitations, it is vital that the storage be utilized for educational use only. It is also important to note that in case of resetting the school will not back up the Chromebooks.
3. It is the student's responsibility to ensure that their work is backed up and therefore not lost due to mechanical failure or accidental deletion.
4. Chromebook malfunctions are not an acceptable excuse for not submitting work on time.

B. Network Connectivity

1. Central Public Schools makes no guarantee that their network will be up and running 100% of the time. In the case that the network is down, the school will not be responsible for lost or missing data. Students will not be penalized if the network is down and a completed assignment cannot be accessed for class projects, presentations, etc., as this type of network outage will affect all students and staff in the school building.

5. SOFTWARE ON CHROMEBOOKS

A. Originally Installed Software

1. The Extensions/Apps originally installed by Central Public Schools must remain on the Chromebooks in usable condition and be accessible at all times. From time to time, the school may add software applications for use in a particular course. Periodic checks of Chromebooks will be made to ensure that students have not removed required apps/extensions.

B. Additional Software

1. Students are not allowed to load extra Extensions/Apps on their Chromebook. Students are responsible for the content on their Chromebook. Apps and other media must be appropriate per Central Public Schools Acceptable Use Policy and Code of Conduct. Students will be asked to remove apps and media if deemed inappropriate.
2. Any attempt to "Jailbreak" the Chromebook or change the configuration will result in an immediate disciplinary action.

Immediate removal of material (or full reset of the device), contact with parents/guardians, and disciplinary action will take place.

C. Inspection

1. If technical difficulties occur or illegal software are discovered, the Chromebook may be restored from backup. The school does not accept responsibility for the loss of any software or documents deleted due to a need to reformat and/or reimage any device.
2. Students are highly encouraged to create a backup of all Chromebook documents and work as identified in section 4 above.
3. Students are highly encouraged to manage their backup data to ensure that enough space is available for school created content.
